***Additional services not covered by health insurance**

If you are seeing an in-network provider at Pathways, most primary treatment services such as evaluations and face to face or telehealth therapy sessions will be covered by your health insurance after deductibles, co-pays and co-ins. (if applicable) have been met.

The need may arise for your clinician at Pathways to provide additional services not routinely covered under health insurance plans. These services may include letter and report writing, in-person or remote attendance at treatment or educational team meetings, extensive phone consultations with members of the treatment team, etc. For routine services that require less than 15 minutes to provide, there will be **NO** additional charge to the Patient as these are considered standard components of patient care. However, for services that are more complex and time consuming, there may be an additional charge to the patient since these services are not covered by health insurance. These services will generally be billed as follows:

Phone Consultations:

0-15 Min	->	No Charge	15-30 Min	->	\$75.00
30-45 Min	->	\$100.00	45-60 Min	->	\$150.00

Letter/Report Writing

0-15 Min. to complete	->	No Charge
Greater than 15 Min to complete	->	Billed at Hourly Rate of \$175.00/Hour

Attendance at Meetings

Remote Attendance	->	\$175.00/Hour
In-person Attendance	->	\$175.00/Hour *Includes travel time

Patient Signature (AGE 18+) Date

Parent / Guardian Date
